Mandar Chinnapurkar

has successfully completed the online Professional Certificate

AWS Cloud Technology Consultant

The AWS Cloud Consultant Professional Certificate is a holistic nine-course program that takes an aspiring professional with little technical knowledge and provides them with the skills, knowledge and context to understand the what, why, and how to become a successful AWS Cloud Consultant. This professional certificate provides the knowledge and skills to start building a career as a cloud technology consultant. Learners gain the skills to understand business goals and drivers, translate those into an appropriate AWS technical solution and provide technical direction and oversight to cloud implementation teams.

This certificate attests to the learner's completion of an online program delivered via Coursera. It does not constitute formal enrollment at any university or entity and does not itself grant academic credit, grades, or a degree. Institutions or organizations may, at their discretion, recognize this learning toward their own programs or credentials.
